

Deb Frecklington 'Year 12 School Leavers Bursary' Guidelines for 2021 applicants

Overview

The Electorate of Nanango takes in a wide regional area. For many school leavers, it is often necessary to travel, or move to major centres to access further education after leaving Year 12. In recognition of this need, and to support students who wish to further their qualifications after completing Year 12 (either at university, in a trade or TAFE), I have developed a Year 12 School Leavers Bursary. This bursary is designed to provide financial assistance to help School Leavers with the costs associated with moving to their place of learning, and the purchase of books, IT, trade tools and other necessary requirements.

Who can apply?

1. Year 12 School Leavers who are pursuing further study after leaving Year 12
2. Students must be a resident of the Nanango Electorate.
3. Study includes university, TAFE, a trade or any other training qualification

How many applications can each student submit?

Eligible students can only submit one application.

How much is the Bursary worth?

The Bursary is \$1000 (including GST). One successful application will be chosen each year.

Application Dates

There will be one round per year.

- Applications open on the 1st November 2021
- Applications close on 1st February 2022
- Panel interview conducted in early February.

Five applications will be shortlisted. Applicants must be available for a panel interview at the Nanango Electorate Office (in Kingaroy). The successful applicant will be announced mid-February.
